

PUPILS' £600K PERSONAL ACCIDENT INSURANCE SCHEME (INCORPORATING DENTAL)

SCHEME DETAILS AND KEYFACTS EFFECTIVE FROM WINTER TERM 2013

Benefits for permanent disability or death, loss or loss of vitality of permanent natural teeth, dental injury, emergency dental treatment costs.

GENERAL INFORMATION

The need for personal accident insurance has been tragically emphasised by certain serious injuries that have occurred to pupils. In many cases, there is no entitlement to financial compensation because it is no one individual person's fault that a pupil has suffered permanent disability. This scheme provides a scale of benefits for permanent disabilities, a list of which is set out overleaf.

WHEN COVER BEGINS AND ENDS

The school has decided to include all pupils within the scheme at no additional cost as the termly premium is incorporated within the current fee structure. Cover commences for each pupil from the first day of the first term, including the duration of the uninterrupted journey to the school. Cover will continue until the pupil leaves the school, provided the school continues to renew the scheme at the beginning of each winter term (September).

GENERAL DEFINITIONS

Bodily injury – injury that is caused solely by accidental means and that, independently of any other cause, within 24 months from the date of the accident results in the insured pupil's death, dismemberment or permanent disability.

Dismemberment –

- a) the loss or loss of use of one or more limbs **or**
- b) the loss or loss of sight of one or both eyes.

Disappearance – if the insured pupil disappears and after 12 months it is reasonable to believe that such an insured pupil has died as a result of bodily injury, the death benefit shall become payable subject to a signed undertaking that if the belief is subsequently found to be wrong such death benefit shall be refunded to the insurers.

Dental injury – shall mean an injury to the teeth and supporting structures (including damage to dentures or orthodontic appliance whilst being worn) which is directly caused 1. by a sudden, external and identifiable event that happens by chance and could not have been expected; or 2. intra-orally, whilst consuming food.

Dentist – a general dental practitioner who is, for the time being, included on the General Dental Council's register of dentists. For the purpose of dental treatment provided outside the United Kingdom, dentist shall mean a general dental practitioner who is authorised to provide such dental treatment in the country in which such dental treatment is received.

Effective time – The duration of each term for which the premium has been paid for a pupil. If the insured pupil is not returning to the school:

- a) because he/she is transferring to another primary or secondary school within the United Kingdom, the cover will continue until the commencement of the uninterrupted journey to the new school **or**
- b) because he/she has completed his or her secondary education or is transferring to another school outside the United Kingdom, cover will be provided during the following holiday break only while the insured pupil participates in any official organised school activity, including the uninterrupted journey to the place of activity and the uninterrupted journey home. Cover will cease when the insured pupil returns home or at midnight before the commencement date of the new term, whichever is sooner.

For any reason other than a) or b) above, the cover will terminate after the uninterrupted journey home at the end of the insured pupil's last day as a pupil of the school.

Exposure – injury to the insured pupil as a result of unavoidable exposure to the elements shall be deemed to have been caused by bodily injury.

Insured pupil – any pupil, attending the school, for whom the appropriate premium has been paid and accepted by the official managers on behalf of the insurers.

Term – the duration of one of the three periods of attendance at the school during a school year, including the uninterrupted journey to the school prior to commencement of the period plus the holiday break that immediately follows.

PERSONAL DATA

Please note that information (including personal information) you provide to, or which is already held by the school, may be passed to Marsh and relevant insurers and other related third parties for servicing the scheme and administering claims. 	to 25% or more of the body surface – benefit payable £10,000

COMPENSATION FOR LOSS OR LOSS OF VITALITY OF PERMANENT NATURAL TEETH

If during the effective time the insured person sustains injury caused solely by accidental means that directly results in the loss of, or loss of vitality of, permanent natural teeth, the insurers will pay compensation of up to a total overall maximum each period of insurance of £7,500 subject to the following inner limits:

1. Total permanent loss of anterior tooth (canine or incisor) £2,000 per tooth
2. Total permanent loss of posterior tooth (molar or pre-molar) £1,250 per tooth
3. a) partial loss of anterior and/or posterior tooth up to £500 per tooth
b) the total loss of vitality of a permanent natural tooth up to £500 per tooth

but not exceeding £2,000 in total for all teeth partially lost and/or all teeth suffering total loss of vitality.

SPECIFIC CONDITIONS APPLICABLE TO COMPENSATION FOR LOSS OR LOSS OF VITALITY OF PERMANENT NATURAL TEETH

- Total loss of a tooth means the permanent physical loss of tooth from the mouth occurring within three years from the date of the accident resulting in dental injury.
- Claims for partial loss of tooth or teeth shall be calculated by assessing the percentage of tooth lost in relation to the maximum benefit payable for partial loss of a single tooth. Where more than 90% of a tooth has been lost insurers will deem it to be total loss of vitality of tooth for the purposes of a claim under this section.
- Where an insured person subsequently loses the remaining part of a tooth for which a partial loss of tooth or total loss of vitality of a permanent natural tooth claim has been paid by insurers, the insurers shall be entitled to deduct such amount paid from any subsequent claim for the total loss of such tooth.

TREATMENT FOR DENTAL INJURY AND EMERGENCY DENTAL TREATMENT AND ADDITIONAL DENTAL COVERS

COVER

If during the effective time the insured person suffers dental injury or requires emergency dental treatment or the removal of wisdom teeth the insurers will pay the amounts shown below:

BENEFITS INCLUDE:

Treatment for dental injury: up to £10,000
in each period of insurance for reasonable fees for treatment and services provided to the insured person for the purpose of treatment for dental injury.

Emergency dental treatment: up to £2,000
in each period of insurance for reasonable fees incurred for emergency dental treatment.

Surgical extraction of third molars (wisdom teeth): £125 per tooth
provided it is diagnosed for the first time as being necessary during the effective time.

In addition insurers will pay the following:

In-patient hospital cash benefit: £125 per night
for each night the insured person spends in hospital during the effective time for the primary purpose of receiving in-patient dental treatment or dentoalveolar surgery up to a maximum 365 nights, provided that the condition for which treatment or surgery is required, is diagnosed during the period of insurance.
